

Our legacy LED folding arm opens at a 90° angle above the operator. Ideal for low overhead environments like parking garages where lighting is low. LEDs are bright red when down, flashing red when in motion, and green when fully open.

## FOLDARM90

### HIGHLIGHTS:

- ✓ 3" round aluminum with built-in LEDs
- ✓ Tough, IP68-rated LED light strips
- ✓ Versatile, programmable LED Controller
- ✓ Totally weatherproof and durable
- ✓ Available in 3 sizes that can be trimmed for a precise fit
- ✓ Works with all common gate operator models, old or new
