SAT3 with Hood

SAT3 Standard Features:

- Central Station compatible (SIA Fast Format).
- Telephone line powered.
- 1200 baud modem for programming is included.
- Calls both central station and regular telephone numbers, in any order.
- "Push for Help" calls up to 10 pre-programmed phone numbers (16 digits each).
- Calls can only be ended by the called party, time out or call progress signals.
- Can be called for programming, monitoring, testing and controlled remotely (password protected).
- 3 ways to program:
    1200 baud modem with menus
    Hand held programmer
    Touch tone telephone
- Senses full call progress signals.
- Location can be identified by Account number with Zone (SIA Fast Format) or DTMF.

- A.D.A. compliant.
- New high intensity LED's (sunlight viewable) for Calling & Talk.
- Braille available for the sight impaired.

SAT3R (relays):

- The SAT3R includes 2 Form C relays (requires transformer, included with "R" model).
- All other SAT3R functions remain exactly the same as the SAT3.

SAT3D / SAT3DR INFORMATION MODELS:

- Additional "Information" button, for the SAT3 and SAT3R that will call a single 16 digit telephone number for information or support. (product not shown)

SAT3R

PRIORITY COMMUNICATION
"Emergency Call Stations"

SAT3

♦ Central Station compatible with SIA Fast Format.

♦ 1200 baud modem included in all SAT3, SAT3R and SAT3D's.

♦ Telephone line powered.

♦ When "Push For Help" button pressed, the SAT3 dials a pre-programmed 16 digit telephone number.

♦ Automatic redial when unit senses line busy, circuit busy or no answer, (up to 9 additional phone numbers of up to 16 digits each can be pre-programmed for redialing).

♦ Central station format: Account Code may be 4 to 8 digits, Account Zone is 4 digits providing 1000 Zones.

♦ Dials extensions (works behind PABX), local or long distance numbers, (any combination for redialing).

♦ Automatic transmission of account code or upon command DTMF.

♦ Location can be identified by Account Code with Zone Number in SIA Fast Format or DTMF.

♦ Sunlight viewable high intensity LED's for call progress indicators (CALLING & TALK for ADA compliance).

♦ Optional Braille for ADA compliance.

♦ SAT3 senses full call progress signals: dial tone, fast busy, busy, ring back, off hook alert, power denial and line reversal.

♦ Programmed talk time (1 to 9 or 20 minutes) may be extended by the called party.

♦ Remote programming via (1) touch tone telephone (2) hand held programmer (3) dial-up with 300/1200 baud modem with menu. (Pass Word Protected)

♦ Auto answer and activation from remote location (Pass Word Protected).

♦ Remote hang up.

♦ Weather resistant housing.

SAT3R

♦ Relay model available (2 Form C relays), transformer provided for relay activation, (flashing light, camera activation, open a door or gate, etc.)

♦ All other functions of the SAT3R are the same as the SAT3.

SAT3D and SAT3DR

♦ These models also provide a second button that can be pre-programmed for a single 16 digit telephone number for information or support.

♦ All other functions of the SAT3D are the same as the SAT3.

MULTIPLE MODELS AVAILABLE:

Standard -**SAT3**
Standard Flush Mount-**SAT3F**
Standard with Weatherhood-**SAT3H**
Standard Flush Mount Elevator-**SAT3FE**
Relay version-**SAT3R**
Relay version with weatherhood-**SAT3RH**
Relay version Flush Mount-**SAT3RF**
Relay version Flush Mount Elevator-**SAT3RFE**

Standard with information button and Flush Mount Elevator-**SAT3DFE**
Relay version with information button-**SAT3DR**
Relay version with information button and hood-**SAT3DRH**
Relay version w/ information button & Flush Mnt. Elevator-**SAT3DRFE**

SYSTEM ENHANCEMENTS

♦ MUI (multiple unit interface).

♦ Receiver (SATDBRX) for SAT units.

♦ Stainless steel outer shell.

♦ Color and graphics upon request.

♦ **POWER REQUIREMENTS:** SAT3 is telephone line powered only. SAT3R telephone line power and 12 volt transformer supplied for relay board.

♦ **MATERIALS:** Double wall aluminum shell with stainless steel faceplate, (stainless steel shell optional).

♦ **MOUNTING:** Surface, flush or post.

♦ **TOUCH TONE DETECTION:** Detects short burst 50 ms DTMF tones.

♦ **RINGER EQUIVALENCE:** .5A - 1.8B

♦ **FCC REG.:** CCPW74F-17213-MT-E

♦ **SHIPPING WEIGHT:** Approx. 5 lbs.

♦ **OPERATING ENVIRONMENT:** Temp. –20ºF to +140º F (6ºC to 60ºC); Relative humidity: 5% - 95% non-condensing.

♦ **DIMENSIONS:**

SAT3	5"W x 7 5/8"H x 2½"D
SAT3H	5"W x 7 5/8"H x 2½"D
SAT3FE	Fits selected elevator opening
SAT3R	5"W x 9½"H x 2½"D
SAT3RF	5"W x 10½"H x 2½"D
SAT3RH	5"W x 9½"H x 2½"D bot 3¼"D top
SAT3RFE	Fits selected elevator opening.
