The Wireless Keychain Remote, Model 3973CR controls your Wayne-Dalton garage door opener and your Home Control System from the convenience of your car or inside your home. When used with the WDRR-372R Garage Door Conversion Module, your Keychain Remote will work with any brand garage door opener. With Z-Wave enabled garage door openers, the 3973CR can also control up to four Z-Wave scenes. For non Z-Wave enabled (372 MHz openers), combining the 3973CR with a WDHA-12R Wireless Gateway allows you to control up to three Z-Wave scenes from your remote.

Wireless Keychain Remote Control Features:

- Rolling Code Security
- Three-Buttons (Scenes)
- Up to Six Functions

Compatibility

The 3973CR Keychain Remote Control is compatible with:

- WDHA-12R Wireless Gateway: allows control of up to three Z-Wave scenes.
- WDRR-372R Garage Door Conversion Module: Allows compatibility with any brand garage door opener.

All 372 MHz Wayne-Dalton Garage Door Openers including:
